

## Invite Script

### Anticipating Questions

- **Where is Your Church?**

We're right by the Frankfort Library (off of route 30 and Pfeiffer Rd)!

- **When do you worship?**

We worship at 9:30AM every Sunday!

- **Where can I go for more information?**

Our website [amazinglove.org](http://amazinglove.org). It has a ton of great information. Or Here is brochure.

- **What's worship like?**

We focus on the victory Jesus won for us. Every Sunday is a mini-Easter. It's hard not to feel uplifted and re-centered each Sunday as I hear the Word of God.

- **What do you like about it?**

*This is unscripted and from the heart.*

- **What about my kids?**

Explain your kid's ministry/environments.

- **You drive how far? Why?**

Have you ever driven 20 minutes or more for a favorite grocery store, Costco, or a doctor? We believe finding a great church home is worth the commute.

### How do I get them engaged so I can invite them?

*"What did you do this weekend? Ahh that's great! What did I do this weekend you ask? I went to church at Amazing Love, you should visit with me! Here's a card."*

*"Do you have a church home?"* Follow up with the business card invite.

In any conversation.... *"Hey I know this may be random, but I really love my church and I wanted to invite you any Sunday. Here's a card."* Be bold!

When talking to someone in tough times:

*"I understand how you feel. I have felt that way myself. When I am feeling that way I find that my church (theologically, God is, but they don't know God yet) is a source of strength. It helps me prioritize and put things in perspective. Do you want to come with me next weekend? I think it could be a big help. I will pick you up at 9. We will go out to breakfast afterwards."*

Invitation done well has 3 parts:

1. Invite to a specific Sunday where you will be in attendance.
2. Give the critical information such as service time and location through the business card
3. Personally look for invited guests and welcome them, show them around our church, sit by them, and perhaps take them out for lunch.
