

The Seminary Chorus

For 85 years the Seminary Chorus has represented Wisconsin Lutheran Seminary in congregations throughout the country. Their concerts are always interesting; accompanied by a variety of instruments, the 50-voice choir sings classics from the past as well as new music from today. Best of all, their songs present the good news that God, our helper and hope, sent his Son to save us.

Wherever they travel, these young men are eager to talk about the work they do to prepare to serve as pastors. They're thankful for the school they attend and the training and experience it gives them. They also appreciate the people who support them with gifts and prayers. They will be honored if you come to hear them sing and thrilled if you sing with them.
